

Letter of Support for Seifollah Jalili

Copenhagen, 14 July 2025

To CIMUSET Members,

It is with great pleasure that I write in support of Seifollah Jalili's candidacy for another term as a board member of CIMUSET for the period 2025–2028.

Having had the opportunity to serve alongside Seifollah on the CIMUSET board, I have experienced firsthand his deep commitment to the mission of our committee and his contributions to its work.

His leadership within the science museum sector and his international perspective have been valuable assets in our shared efforts to strengthen CIMUSET's global relevance and reach.

Seifollah brings both institutional experience and a collaborative spirit to the board. He shows up prepared, contributes meaningfully to discussions, and helps move projects forward with both professionalism and commitment.

His continued presence on the board would provide valuable continuity, and I believe his experience and perspective can contribute meaningfully as CIMUSET navigates its ongoing development and future initiatives.

I wholeheartedly support Seifollah Jalili's re-election and look forward to the possibility of continuing our collaboration.

Sincerely,

Jacob T. Jensen
Vice Chair, CIMUSET 2022-2025
Curator, Danish Museum of Science and Technology
